# INTRODUCTION

Thomas Jefferson High School has begun its second quarter century with a new principal and new vigor and enthusiasm for the future. Tremendous strides forward in political and economic areas show our community to be in an era of progress, the most rapid in our history. The world is on the verge of the greatest scientific expansion of all times, and change and improvement are close at hand. In this setting, where our school, our community, and our nation are looking to the future, more than fifteen hundred Jefferson students are facing their futures in life. In fact the future is the major consideration of nearly all of us—for in that bright land we shall spend our lives.

There will be great change in man and his life. Scientific progress will bring improvements for living and working which will allow us more time for enjoyment of our leisure interests and more opportunity for our preservation and happiness—for things of the soul. Man will find almost complete freedom from disease, but his increased numbers and his adventure into strange places will create new problems. The advent of space travel will extend man's influence from parts of a tiny planet to a gigantic portion of the universe.

As our perspectives enlarge and our ideas change, our memories of the past will change also. That we may always remember this wonderful year in our lives, as it was and as the future seemed, we present this issue of the *Monticello* to give our light-hearted conception of the future, and, at the same time, accurately to record in this literary and pictorial "time capsule" the year 1957 at Thomas Jefferson High School.

## DEDICATION TO THE MEN OF SPACE

This yearbook reflects our lighthearted, often whimsical attitude toward conquering what must be the last and most dangerous unexplored region, our "vertical frontiers" of space. Our artists have pictured craters on the moon and fantastic space ships. Our "Little Man" in his interplanetary "hot rod" leaves his trail of effervescent smoke on our pages, popping up intermittently to peer at us "Earthlings," obviously centuries behind his own "people," or whatever he calls others of his kind. Our editors have spent minutes in riotous laughter, or hours biting their knuckles, as they have tried to think of an "angle" for our futuristic presentation. We have been sent scurrying to our libraries for late magazines, with illustrations; to our television sets to watch Walt Disney's frightfully entertaining cartoon, "Man in Space"; to "Mad" comics, and to the profusely illustrated volume, "The World We Live In."

In our search for an occasional authentic touch we found it quite natural to call on the Information Service officer of the School of Aviation Medicine, Space Medicine Department. On our visits there we heard talk and obtained literature that forced us to identify ourselves with the serious problems of survival in the very, very wild blue yonder: of ecological space; of "G" force; weightlessness; albedo; of hypersonic space-equivalent flights; very high intensity noise; danger from cosmic rays; of "Mach 20." We saw the Space Cabin Simulator, roughly the size and shape of a furnace, which produces experimentally the same climatic conditions that a flyer would meet in a sealed cabin of a rocket ship in space. We

read about an airman who spent twenty-four hours in this space cabin, one third of the time it would take a space ship with a cabin of the same kind to cover the distance to the moon. We became acquainted with Dr. Hubertus Strughold, Chief of the Department of Space Medicine, the world's foremost authority on how to make space flight safe and practical for human beings; and General Otis O. Benson, Jr., Commandant of the School, who lead the way in gaining for aviation medicine recognition by the American Medical Society as a separate medical specialty. These men, and those who work so diligently with them, know that exploring the "vertical frontier" will be the way in which some Jefferson students will make their contribution to their world of tomorrow that we have been so casual about. Some of us may serve as pilots or crew on rocket airliners that fly coast to coast in twenty-five minutes; or as test pilots who penetrate higher and faster into the dark blue sky.

Perhaps, we realized, we had better be more serious about wanting some problems of space flight and travel solved. Perhaps we had better show more interest in what space medicine research is doing for us. It is on this serious note, then, that we dedicate this volume to those far-thinking Men of Space Medicine, who are charged with protecting the oncoming generation of space flyers and travelers from its hostile environment. We'll think of you most gratefully as we hear the "blip" that is our first radar contact with some planet.

# FEATURES

# THE RUSH OF REGISTRATION SETS THE

The patience pictured here comes from the experience of waiting to "sign up" when classes open.

Ours arms will feel so empty when we turn them out again, though, when we check them out again.

"If I plan this program just right, and if the classes aren't closed, and if all my friends stand in line for me, and if I'm lucky, I'll finish registering by noon—maybe."

# PACE FOR A FAST-MOVING SCHOOL YEAR

our books. Monday will take care of that,

Puzzle: Find the girl feeling faint from frustration after fighting her way through the hall during registration. Clue: It's Sandra Lamb, holding her head on.

The only ones exercising their muscles here are Mr. Shannon and Mr. Hamilton, signing the athletic type for "gym" classes.

"Walk—do not run to your nearest, favorite teacher," Miss Wheat advises her advisory as the bell begins registration.

## OUR DAYS ARE FILLED

A lovely custom at Jeff is the short prayer given in the cafeteria before the noon meal.

"Do they *really* expect us to know what 'antidisestablishmentarianism' means?" So ask Ponty Bone, Marilyn Strauss and Mike Fulton as they take the college board examinations.

After a long, hard day of using our brains, it is a welcome relief to be able to exercise our stomachs by devouring some cakes. Various clubs raise extra money by sponsoring these cake sales.

## WITH VARIETY

Mr. Gott has a first-hand knowledge of all areas of Jefferson. Here he is making his first trip to the dome, accompanied by Roger Bieberdorf and Gene Redmond.

Many advisories enjoy themselves by having parties at various times of the year. The Hicks advisory shows a happy holiday spirit as they celebrate Christmas.

Every morning in the main hall this study group gathers to discuss different aspects of the day's assignments.

## ORGANIZED GROUPS LEND

Thursday must be here again as most of Jeff disappears behind copies of the *Declaration*.

As the carols sung by the choir echo through the halls, all of Jefferson rejoices. Not only are the carols themselves beautiful, but they herald the coming of Christmas vacation.

*Monticello* picture taking is always a time of confusion

## SPICE TO ROUTINE

A familiar sight on the day before every football game is the scene created by the Student Council members hawking their wares, in this case, pom-poms and booster ribbons.

the results are quite gratifying.

# STUDENT COUNCIL GIVES US ALL

Up on the ladder is Sabra Lande; down on the floor are Don True Akers, Roselinda Stowers, Charlotte Auer, and Lee Swartzkopf. They are all using their artistic ability to do a bang-up job of trimming the Christmas tree.

Sheila Murray and Lyndon Brown enjoy themselves as they deliver part of Jefferson's load of Christmas Cheer packages to the Christmas Clearing Bureau. Many of our advisories "adopted" needy families and made their holiday season a happier one.

Paper drive chairman, Tony Henslee, assisted by his little helpers, Judy Roberts and Kay Walker, prepares to clear the paper shack of all its paper.

## A VOICE IN SETTING SCHOOL POLICY

Student Council paper drives are full of moments of merriment. Miss Langford, driven to extremes as a result of seeing a truckload of paper blown across the front lawn, picks up her trusty bull whip and drives the herd into action.

A highlight of "Teacher Appreciation Week" was a surprise party for our hard-working Profs. Council members demonstrated their social graces by serving their advisors.

## COUNCIL MEMBERS' ACTIVITIES RANGE

Jimmy Lodovic, Charleen Kirk, Miss Langford, Carolyn Jones, and Rambie Briggs practice leaving for the Southern Association of Student Councils Convention in Tulsa, Oklahoma.

Jefferson was the scene of this year's convention of the Alamo Association of Student Councils. Larry Patton, Kay Bragg, Patsy Criswell, Eleanor Cooper, Mary Katherine Craig, Patsy Bloom, and Sally Travis were some of our official hosts.

## FROM FISH POND TO FACULTY

It is in their weekly business meetings that Council representatives hash out the many facets of their program. One student attends from each advisory to represent its members in setting policy, and to report to the advisory the action taken by the Council.

The business meetings of the Alamo Association of Student Councils' convention had the appearance of a political conclave.

# OUR EXCELLENT STAGE PRODUCTIONS

If John Alden were asked to speak for himself about this version of his romance, presented at our Thanksgiving assembly by the speech department, his remarks might be shocking.

A warm welcome is given by Mr. Gott to the bewildered Sophomores as part of the orientation program to acquaint the new arrivals with the high school, which at first seems so big.

# ARE A SOURCE OF PRIDE

Southwestern Bell Telephone Company gives us a glimpse into the world they are planning for us in an assembly sponsored by the Bi-Phy-Chem Club.

Jefferson expects and receives a lot from its leaders, shown here taking the oath of office. The Student Council installation assembly is a mutual pledge between leaders and followers in clubs, classes, and organizations.

## JEFFERSON STUDENTS FORM A

Jefferson's spacious auditorium is rented from time to time to performers like Fred Waring, shown here backstage with Allan Mandel, Jackie Hunt, and Yale Ferguson.

The name "Senior Frolic" didn't apply too well to the serious production, "War of the Worlds." Romie Stevenson and Lowe Irvine carry away another victim of the Martians' deadly aim.

## OLITE AND APPRECIATIVE AUDIENCE

Each Friday morning before eight o'clock the halls are filled with sacred music, a prelude to the Student Council sponsored Morning Worships. Speakers are called from local churches or from the student body.

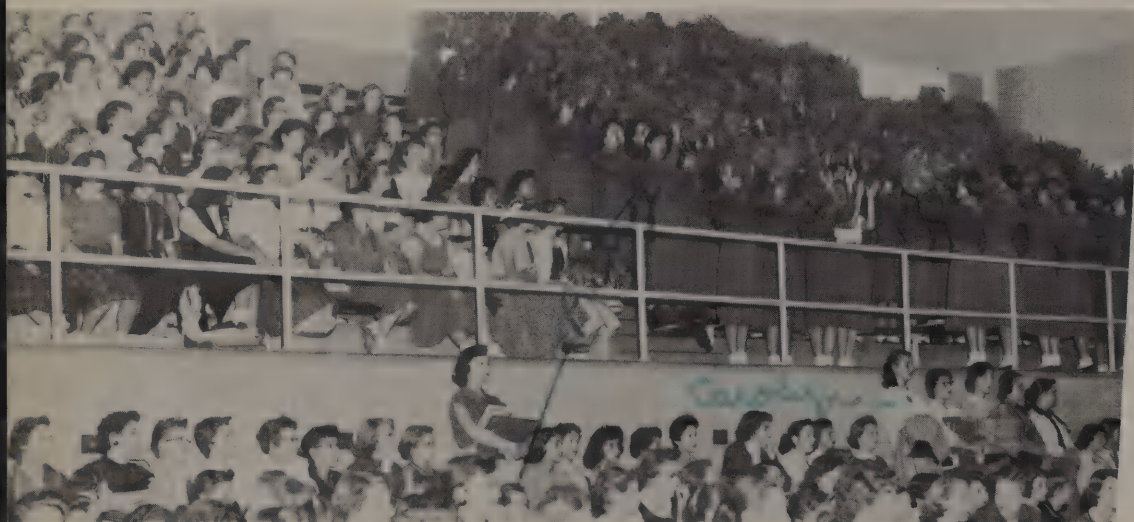

Janet Joyce, a winner in the PTA Talent Show, is one of the many sparkling stage personalities to entertain us for the small entrance fee with which the Parent-Teachers' group finances all its wonderful projects.

# "THERE IS A SCHOOL WE ALL LOVE WELL . . ."

We do things so thoroughly here at Jefferson that we even rehearse before we pray. Some of the girls seem to be suffering from the effects of arriving at school at 7:45 to practice for the half-time ceremonies.

"Two Bits, Four Bits, Six Bits, a Dollar! All for Jefferson Stand up and Holler!" And that's just what we do at our pep rallies.

Among those decorating the stadium for the big Jeff-Brack game are Carolyn Brooks, Maxine Bitzkie, Glenda Ferrier, Marilyn Binkley, and Patsy Long.

## .. HER GLORIES WE WILL ALWAYS TELL"

Evidence of school spirit is shown whenever we have a trip to an out of town game. The enthusiasm shown on these bus trips helps to spread the name of our school far and wide.

The Jefferson cheering section is always a colorful spectacle, especially for the Brackenridge game.

The winning record of our District Champion basketball team brought the fans out in droves to many of our games.

# WE MANAGE TO FIND TIME FOR

After days of planning and hours of hammering and pasting, the blue-jeaned MJR's emerge at their annual formal, beautiful as the queens of the castle they have created for their "Fan-tasyland."

Although the Student Council calls its pre-Christmas Dance the Snowman's Ball, there are no snowmen in evidence there. All we can see are hundreds of "penguins" waddling around with their lovely dates.

## A VERY FULL SOCIAL LIFE

There are no comic Valentines at this Sweethearts' Ball, sponsored each February by the Shakespeare and Forum Clubs. It is another formal dance at which colorful decorations, music, and charming girls become a memorable event in our social life.

The Hayne Club is the only club in school with a poet laureate, and look what happens! The "poet" comes up with a club song, and the second chorus is, of course, "swung" by Pat Norris, Tommy Barton, Don Quick, Bobby Fly, Barr McClellan, and Mike Fulton.

## THE TIE BETWEEN SCHOOL AND

Mrs. Bloom, our petite PTA president, pokes a shovelful of dirt toward a newly planted magnolia at the Founders' Day tree planting ceremony.

Celebrating its birthday is one of the big events of the Parent-Teacher group, which gathers in our cafeteria for that purpose during March each year.

# COMMUNITY LIFE IS STRONG

Mary Lodovic, Jimmy Lodovic, and Dee Brown introduce their respective parents to Miss Langford, their solid geometry teacher, at our annual Fathers' Night. Mr. and Mrs. Bloom seem to have lost their son Alvin in the shuffle.

The enthusiasm exhibited here for an advisory contest to raise money for the United Fund explains Jefferson's leadership in civic endeavor. (Mrs. Doolittle's advisory often leads the leaders.)

The Rehler family has to step some on Fathers' Night to reach the widely separated classrooms occupied by Jan during the day.

## OUR CAMPUS SPORTS A NEW LOOK

"It'll be like heaven in '57," says Mr. Emery, as he, Charlotte Auer, and Mary Milam look over plans for the new band room, which was completed in January of this year.

Completion of two new parking lots, this one on the drill field and the other on the west lawn, make it possible to park our four hundred hot rods, "Firebirds," and just plain automobiles someplace other than the streets.

## "WE TAKE GREAT PRIDE IN PRESENTING . . ."

There are organizations here at Jefferson which, by their nature and purpose, demand that their elected leaders dedicate themselves for one school year to that group. The responsibility, inherent with their office, carries six points, the largest number in our school-activity point system.

The "six-pointers" on the following pages deserve a prominent place in our memories. Their accomplishments as school leaders have earned the admiration of the student body, the faculty, and administration. They have represented their school with maturity of judgment and confident poise on those many occasions when they have worked for civic good with leaders of our city and state. We present them with pride.

## THOMAS JEFFERSON HIGH SCHOOL ADMINISTRATION

This September Mr. Gott began his first year as principal of Thomas Jefferson High School. He was aided in taking over this important position by his years of experience as vice principal here. During these years he has become an integral part of Jefferson. His diversified interests in Jefferson's activities enable him to maintain a helpful and sympathetic attitude toward our social life, clubs and organizations, and athletic program. Added to this, his strong emphasis on academic achievement assures the school of leadership in preparation for college and future life.

Mr. Norton began his first year at Jeff as vice principal in 1956, having begun his teaching career in San Antonio as head football coach at Lanier prior to World War II. During the War he served three and one-half years with the rank of lieutenant commander. He then became assistant coach at Alamo Heights until he acquired the position of assistant head of athletics in the San Antonio schools, which he held for nine years. His first term with Jeff has shown him to be friendly and understanding. His office door is always open to student problems.

Mrs. Kennedy's generosity with her time and her warmth of feeling for girls with problems have endeared her to everyone with whom she has come in contact. These wonderful qualities plus her fine grooming, good taste in clothing, her smile, graciousness, and quiet voice help her to fill perfectly the responsible position of dean of girls.

Mr. Norton, Mr. Gott, and Mrs. Kennedy examine another notice of importance to the school and students.

Mrs. McLaughlin and Miss Jimenez are performing one of their numerous duties, writing checks for Jeff's monthly bills, all of which are paid through the main office.

**CLASS**

The first class meeting, held in the cafeteria, brought students closer together and set the scene for making lifelong friends in the congenial and attractive atmosphere provided by Thomas Jefferson.

Although it is time for eating and gossiping, it is remarkable how the photographer caught only two out of six girls with their mouths open. The largest open mouth belongs to Midge Ferguson. Others are Betty Brannen, Evelyn Heiligmann, Jackie Harwood, Ellen Gromb, and Linda Polunsky.

Studios Ronnie Eastman finds "term examinations" extremely difficult. Or is he just posing for the photographer?

Jefferson High School welcomes these mid-term sophomores. At Jefferson they will find a wide selection of cultural and social opportunities. They will acquire valuable experience from their active participation in social, educational, spiritual, and athletic activities at Jeff, as they work toward the double goal of maturity and graduation.

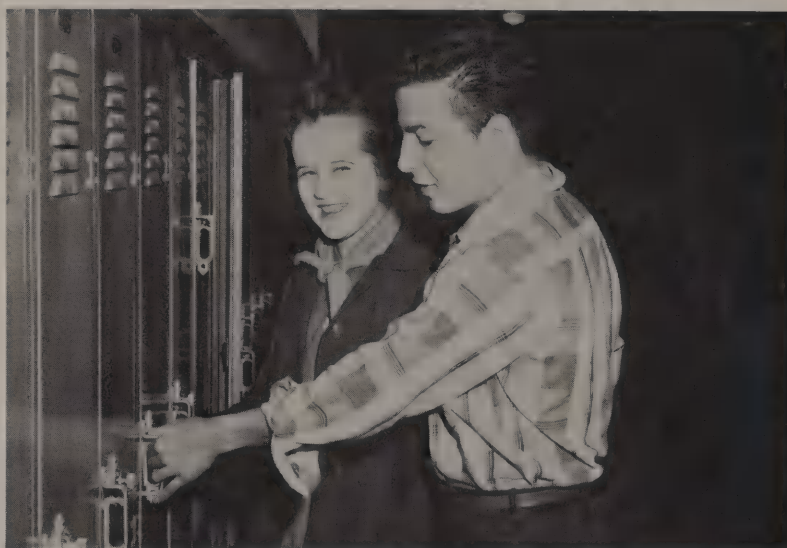

Starting our Junior year, we look forward to a time of activities, work, and responsibilities, which we as Juniors are expected to assume. Our class officers, some of whom have served us before, together with our sponsor, Mr. G. W. Mahan, are recognized as leaders by everyone. Left to right are: Joan Brown, Historian; Betty Ann Weir, Treasurer; Billy Bob Sanford, Sergeant-at-Arms; Riki Waghorne, Reporter; Carolyn Jones, Vice President; Jimmy Young, President; Margaret Davis, Recording Secretary; Mary Ann McDonald, Sergeant-at-Arms; Mike Casey, Chaplain; Jane Finsterwald, Parliamentarian; Penny Moll, Corresponding Secretary.

The Seniors' Texas Sport Dance held early in the fall was so successful that even people who weren't Jeff Seniors had a great time. This can easily be seen by looking at Barr McClellan's date, who is a junior, and on the left Keith Klein's date, who is a foreigner from Alamo Heights.

The sound of Jeff's students playing their musical instruments has often come into the serene classroom. Susan Finch on the baritone horn and Carol Koenning on the clarinet engage in a merry duet as Mr. Andrews records for a physics demonstration.

World Series time at Jeff brought out an influx of radios. Mike Wish, Jack Myers, Phil Shoop, and Pat Schindler must have been supporting the winning team because they all look happy.

Loretta Bilhartz cheerfully turns in advisory money for the MONTICELLO to Barbara Gates and Peggy Newsom. She knows that the yearbook will become many times more valuable to Jefferson students in the years to come.

The combined efforts of the MONTICELLO staff, from editor-in-chief to copy writers, produce an accurate picture of life at Jefferson. Annual workers come early in the morning and stay late at night, striving to make their yearbook the best ever. Last year this goal was very nearly realized when the silver anniversary issue of the MONTICELLO won first place in three national contests, and received an award for the best yearbook of its class in Texas. This year our annual has turned away from the past and is going toward the future with a bigger and better edition of the 1957 MONTICELLO.

Declaration staffers must be reading the joke page of the Quill and Scroll magazine.

Students were pleased to receive free copies of the *Thomas Jefferson Declaration* on the first day of school this year. It was the first time the bi-monthly paper has ever started off the school year with such an idea. Perhaps that is why the *Declaration* reached its circulation peak for all time with 100% sales during 1956 and 1957. All Jeff is grateful to the "Dec." for its up-to-date news, amusing jokes, and inspirational editorials.

Dottie Dreeben competently leads the Latin Club as Hal Gulledge makes a suggestion to Diane DeBerry. Latin Club meetings are always livened by discussions of ancient Greek and Roman cultures.

Among the oldest at Jefferson is the Latin Club, which was founded in 1932 by ambitious students of the Roman tongue interested in promoting friendship among Latin scholars. Today members of Senatus Populusque Romanus further this interest by studying ancient Greek and Roman cultures. Highlight of their year's activities was a "sock hop" dubbed "A Saturday Night in Old Rome."

Mrs. Harris congratulates Jack Garven as he receives his Quill and Scroll pin in a city-wide installation ceremony.

Junior and Senior journalists who do superior work in writing, editing, art, or business management are recommended by either Mrs. Harris or Mrs. Petrich for membership in Quill and Scroll. Declaration and Monticello staffers who are eligible are approved by the Executive Secretary of the International Honor Society for High School Journalists and are initiated in the spring together with chapter members of other San Antonio high schools.

Admission to the Art Club requires a sincere interest in the fine arts and an academic average of "C" or better. Club members often hold sketching contests or make special trips to local art galleries to carry out their purpose—stimulating creative thinking and individual interests. Their distinctive colors are burnt sienna and cobalt blue.

One of Jeff's budding young artists, Jimmy Ellis, discusses some of his excellent art work with Miss Dugosh, sponsor of the Art Club.

The scientific world may someday be grateful to the Bi-Phy-Chem, for this organization paves the way toward science careers by providing opportunities for scholarships for Jeff students. Projects and field trips help the members to explore its three departments, biology, physics, and chemistry, for which their club is named. Bi-Phy-Chem is affiliated with the Science Clubs of America and the Texas Junior Academy of Sciences.

Guest speaker at the Bi-Phy-Chem Banquet, held at Youngblood's during the Christmas holidays, was Charles Watson, a Jefferson graduate, who spoke to the group of his college science courses.

The annual Christmas assembly given by the A Cappella Choir is just before the holidays. One of the solo singers this year was Larry Patton, a junior and a member of the All-State Choir.

# JEFFERSON'S HALLS WITH LOVELY MUSIC

Another of Jefferson's talented musical groups is the A Cappella Choir. The beauty of these singers' music, both serious and light hearted, is an inspiration to their listeners.

The A Cappella Choir, under the direction of Mr. Raymond Moses, sings a beautiful religious hymn during the annual Christmas assembly.

## OUR FUTURE TEACHERS OF AMERICA PLAN TO

The T. Guy Rogers chapter of the Future Teachers of America, first organized in May of 1955, boasts the second largest enrollment in the Alamo District and continues to grow rapidly. Interested in all aspects of education, the "junior faculty" become acquainted with the wide range of opportunities and the satisfying rewards of the teaching profession. Moreover, former principal, T. Guy Rogers, annually presents a hundred-dollar scholarship to the most deserving F.T.A. Senior.

The Jefferson Orchestra, under the direction of Mr. Raymond Moses, has successfully fulfilled its aim—creating an appreciation of the beauty of music. By playing for assemblies, clubs, and school functions this advanced musical group has gained great popularity during its short two-year existence.

Our Pony Band was organized in 1933 under the name of "B" Band. The Pony Band participates in Mustang Band activities such as the Band Banquet in October, the Band Dance in September, and the Band-Parent Picnic in May. Many of our Mustang Band members start in this organization.

The Senate social club was first formed in 1912 at Main Avenue High School, and in 1932 it was reorganized with the main purpose of cultivating leadership and supporting all school activities. Although the most important of Senate events is the Senate-Skelton Spring Formal, club members have had many other times during the year when they enjoyed teaming with their fellow students to bring hours of friendship and pleasure to everyone.

Joe Parr awaits his cue to go on stage during the Senate-Skelton Costume Ball as Kent Ericson and Nancy Chambers do an able job of entertaining the guests.

"Toward new horizons"—this is the motto of the Homemaking Club. To the girls of the club it is an endless challenge, expressing the purpose of their organization to learn to live better today in order that their lives may be better tomorrow. One meeting a month is devoted to a program furthering interests in foods, fun, and fashion.

Kathy Brown, Suzie Carmichael, Sheila Lindblom, Cheryl Tarr, Tommie Jean Burtis, and Lupe Rivera are glad they are Homemakers when rewarded with "goodies" like these.

## IN "ALL WORK, NO PLAY" POLICY

From the looks of this picture there don't seem to be any serious "problems confronting our country." President Fred Kaiser is conducting an NCO club meeting in the armory.

In 1928 the Officers' Club was founded as a social organization and an officers' school. During the years that followed it concentrated on the problems confronting our country and the ROTC. A Non-Commissioned Officers' Club received its charter in 1934. This, too, was a social organization which discussed ways of bettering the ROTC. The Officers' and NCO Club came into being in 1952 when the two clubs combined in order to better the relationship between the members of the ROTC.

The Colt Band was begun in the early 1930's. The "Colts" are trained in hopes of becoming one of the "Ponies" or "Mustangs." Although some members couldn't read a note of music, they are taught band literature and become well acquainted with band instruments.

The highest honor the faculty can bestow upon any Jefferson student is the approval for membership in the National Honor Society. Every spring five per cent of the Junior Class and ten per cent of the Senior Class are admitted to the organization in an impressive and meaningful initiation ceremony. The Society's colors, red, white, gold, and purple, signify service, character, scholarship and leadership.

National Honor Society members, Judy Yusem, Mike Fry, Zelma Jo Hull, and Carlee Abbe, take time out from their usually dignified meeting to enjoy a social given by their sponsor Miss Vogel.

Chaplain Tommy Barton discusses his bi-weekly inspirational message with Joe Colborn.

Jefferson's oldest club, Hayne, granted a charter in 1892 at Main Avenue High School, is also its largest. Formerly a debating society, Hayne got its name from Robert Hayne, a voluble statesman of the 1800's. Today the purpose is to promote friendship, leadership and better social characteristics, while serving the school and community.

## RE FOUND IN THIS GROUP

The Thomas Jefferson chapter of the FBLA was granted a charter to perform as a member of the National Organization on September 1, 1953. To be eligible for membership the student must be taking a commercial subject, have and maintain a "C" average, be dependable, have proper work attitude, and have self-control in all school subjects. This club helps its members to find either summer employment or a full time job.

While Margaret Davis and Sandra Lamb raced to see who could eat the most, all realized that Sandra was sure to win. (She did!)

# SPOTLIGHTERS BACKSTAGE MAKE SMOOTH PERFORMANCES

Although President Nancy Fisher is doing her best to be charming, her friends at the Children's Shelter are more interested in the camera.

Y-Teens have brought cheer and happiness to many San Antonians by giving parties at homes for the aged, by selling Easter lilies for the Crippled Children Drive, and by taking toys, clothing, and favors to orphanages and hospitals. This service organization strives to promote friendship, to be of service to the school and community, and to encourage spiritual development and the development of social confidence and responsibility. It cannot be denied that Y-Teens has more than fulfilled its aims, for a look at the club activities will find the members serving others, bettering themselves, and making lasting friendships with other Y-Teen clubs throughout the city.

## REPRESENTED IN THE STUDENT COUNCIL

Jefferson owes much to its hard-working Student Council. It has been responsible for many worthwhile activities and conveniences, since 1932 when it was first established. Through the years our energetic council has done everything from buying an airplane during World War II to laying sidewalks in 1955. The members, elected from each advisory, strive wholeheartedly to promote better relations among students, to encourage school spirit, and to interest students in helping to form school policies.

Reaching high and wide were Jimmy Lodovic and Barr McClellan during the hard process of decorating the Agudas Achim Synagogue for the Snowman's Ball. Onlookers and fellow workers are Dottie Pierce, Ann Burrows, and Catherine Hibbetts.

Barr McClellan watches Robert Clark, Hal Gullledge, and Elaine Wentworth as they stage a one-act play during a club meeting.

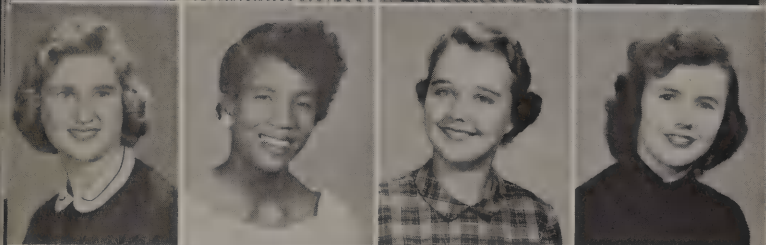

Masque and Gavel has a dual purpose, to honor the individual student and to serve the high school and the community. It is a national high school recognition society for the promotion of "Speech for Use." For its annual presentation Masque and Gavel chose "The Importance of Being Earnest," and both its performances were highly enjoyable.

A brand new organization at Jefferson this year is the Future Nurses Club. This worthwhile group has made up for lost time by taking field trips to local hospitals, attending joint meetings with Bi-Phy-Chem, and affiliating itself with the Future Nurses of America. Jeffites can consider themselves in good hands if cared for by one of these "junior medics."

An event looked forward to by all of Jefferson is the annual Shakespeare-Forum Sweetheart Ball. The student body dances amid cupids and hearts made weeks before by diligent "Shakes." Another enjoyable Shakespeare affair is their style show, where Seniors model the latest in fall fashions. By sponsoring these activities, together with a show in the spring, and maintaining a beautiful rose garden, the girls' social club carries out its aim to promote friendship and goodwill among Jeff students.

A group of visiting starlets? No, just charming and lovely Shakespeares in their annual fall style show. (Editors note: Above written by a Shakespeare.)

The members of the Girls' Sports Club really fulfill their purpose in learning more about physical activities. They participate in volleyball, basketball, and tennis at Jefferson, and go swimming, bowling, or horseback riding elsewhere in San Antonio.

Lassos have to be proud of their Roping Team. These skillful lariat twirlers entertain at local hospitals, as well as perform in parades and athletic events. They became nationally famous when they were on hand at the Municipal Airport to greet United Nations' delegates and television's Ed Sullivan with a real Texas welcome.

Lassos have gained world-wide recognition for Jefferson, representing the school in Mexico, New York, and Chicago. Their pictures have graced the pages of *Life* Magazine and have been recorded on film in several movies and newsreels. Lassos is a service organization, having gained quite a reputation for its friendly guidance to visitors, helpfulness to teachers, and spirited appearance at all school functions. The pep squad's annual Chuckwagon Day, the first Thursday in May, is an event eagerly awaited, for it is then that cheerleaders are announced, officers receive their commissions, and trainees become full-fledged Lassos.

Sometimes those early morning practices come a little too early. Annette Patterson shares her breakfast of one doughnut with Sarah Huff, Sandra Lamb, Betty Hollers, Patsy Bloom, Beryl Hale, and Ann Morris. (Karen Baker must not be very hungry!)

Receiving a commission as an officer in the Girls' Cadet Corps is an honor to which many girls aspire from the first time they enter Jefferson. Besides having to maintain a scholastic rating of 2.5 or above, the Corps members must "pass inspection" by the faculty before admission to the group. Once in, the Senior girls perform many a service to their school, participating in the cheering section of football and basketball games, assemblies, parades, and the important student banking program.

The Mustangs opened district play with a 39-0 win over the Alamo Heights Mules. The Mustangs' ground game battered the Mules for an impressive total of 522 yards rushing. Deene Gott kept the Mules off balance with some deceptive ball handling and led the "Hosses" with three touchdowns and 210 yards rushing. Gott also made the most exciting play of the game when he ran 92 yards for Jeff's third score. Larry Hansen was Jeff's second leading ground gainer with 192 yards rushing and two touchdowns. Jack Wideman made the other T.D. on a one yard plunge. Bob De Sha converted three out of six extra points. The entire Jefferson line held the Mules to only 111 yards rushing.

## HARLANDALE 0

Alamo Stadium, San Antonio, November 1

The Mustangs moved closer to the district championship with a 18-0 victory over the Harlandale Indians. The Mustangs' defensive squad, especially Benny Corbo, Ray Hildebrand, Bob De Sha, and Corky Nelson, held Harlandale to 21 yards on the ground and 18 yards in the air. After a scoreless first period George Hundley scored Jeff's first T.D. on a two yard plunge. The last two tallies were made in the second half by Deene Gott. Gott scored his first touchdown on a three yard plunge off tackle and his second touchdown on a 12 yard run around end. The Mustangs completed three out of eight passes for 47 yards and moved for 230 yards on the ground. Harlandale's deepest penetration was to Jeff's 32 yard line.

The Mustangs moved to within one game of the district championship by defeating the Victoria Stingarees, 47-14. Jim Olafson opened the scoring by intercepting a pass and returning it 64 yards for a T.D. Ray Hildebrand recovered a fumble on the Victoria 18 yard line to set up Jeff's second score. Jack Wideman moved the ball down to the three yard line where Deene Gott slashed off tackle for the score. Hildebrand set up Jeff's third tally when he pounced on another fumble on Victoria's 31 yard line. Five plays later George Hundley plowed over for the score. Before the end of the first half Robert Lybecker dashed 22 yards to the Victoria 10 with another intercepted pass. Gott crashed off tackle for the score. The "Hosses" returned the second half kickoff 85 yards for Jeff's fifth touchdown with Gott scoring from the one. George Hundley and Jack Wideman accounted for Jeff's last two T.D.'s. Bob De Sha converted five out of seven extra points for the "Hosses." This was the first district game in which the opposition had scored against the Mustangs.

## BRACKENRIDGE 0

Alamo Stadium, San Antonio, November 23

The Mustangs won the District 15-A AAAA championship with a 26-0 victory over the Brackenridge Eagles. In their years of rivalry, Jeff and Brack were even in the number won, and both teams were looking for a win. The first quarter found neither team scoring and the Eagles doing most of the offensive attack. Midway through the second quarter, Deene Gott hit Corky Nelson on a 63 yard touchdown pass play. A few plays later at the end of the first half, Gott passed 42 yards to Bob De Sha for Jeff's second tally. In the third quarter Gott threw his third pass and hit Corky Nelson for a 34 yard touchdown play. Bob De Sha converted and Jeff led 20-0. Early in the fourth quarter Hundley scored Jeff's fourth touchdown. Although Brackenridge threatened to score, the Mustangs shut them out. This was the third out of the four district games that Jeff held the opposition scoreless.

Memorial Stadium, Alice, November 30

"This ball club was long on determination and pride. It was a distinct pleasure for me to have been associated with them."

This was Coach Pat Shannon's summary of Jefferson's 1956 football season which brought another district championship to Jeff. Conquerers in District 15-AAAA, the Mustangs' defeat by Alice, 26-24, halted Jeff's drive toward the state championship. After yielding an early first period T.D., the "Hosses" came back with two touchdowns of their own. Jack Wideman started the first 74-yard drive for a touchdown with Deene Gott scoring. A few minutes later George Hundley scored from the three, capping a 43 yard drive. Alice scored again and led 14-12 at the half. Jeff took an 18-14 lead with Wideman scoring after the opening of the third quarter. The Mustangs came from behind for the third time with Hundley scoring from the 10 on a 51 yard drive to lead 24-20. After Alice took the lead in the fourth period, Jeff threatened to score twice. The Mustangs were unsuccessful, as the score indicates.

## JEFFERSON 60 HARLANDALE 57

January 22

The Mustangs, out to defeat Mr. Wayne Clark and Company of Harlandale, took an upset 60-57 victory over the Indians. The Mustangs, getting off to a slow start, trailed 37-32 at the half, but pulled into a three point lead as the third quarter ended, 46-43. The Mustangs fought off two desperate attempts by Harlandale and took a 60-57 decision over the Indians. Robert Risinger led the Mustangs with 20 points.

Eads takes to the air to score against Harlandale.

## JEFFERSON 63 VICTORIA 48

January 25

The Mustangs held on to a tie for the District 15-AAAA lead by taking an easy 63-48 victory over the Victoria Stingarees at the Alamo Gym. The "Hosses" dominated court play throughout the game, taking a half time lead of 34-15. The Mustangs' lead was never threatened throughout the game. Riki Waghorn took scoring honors with 15 points. The victory over Victoria raised Jeff's season record to eight wins against seven defeats.

Mustangs prepare for opening toss against Victoria.

The Alamo Heights gym rocked with the cheers of the Lassos as they urged their Mustangs on to a one-point victory over the Mules, which put them back in the running for district championship.

Mustangs fight hard for possession of the ball.

## JEFFERSON 63     ALAMO HEIGHTS 64

January 29

On the night of January 29 the Mustangs met the Alamo Heights Mules in one of the most thrilling court battles in many a season. Neither team had control of the game from the opening jump till the final horn. At the end of the first half the Mules led the Ponies, 36-30. Going into the final quarter, the game was a 44-44 tie. With six seconds remaining in the game, Deene Gott hit one of two free throws to put the Mustangs ahead by two points. The Mules tied the game in the last second of play, and a three minute overtime was called. The Mules hit six points to Jeff's five and took a 64-63 victory.

Waghorne goes up and under to score two points against Heights.

## JEFFERSON 54     BRACKENRIDGE 47

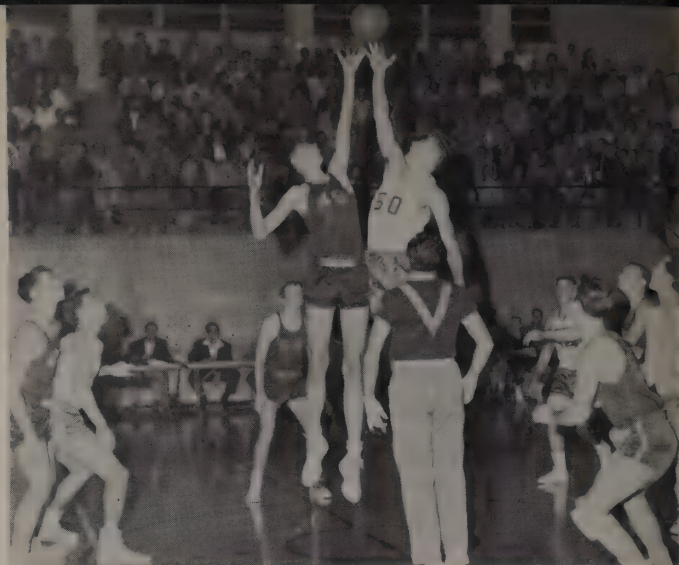

February 1

The Mustang quintet kept Jeff's hopes alive for a district championship by caging the Brackenridge Eagles 54-47. The Mustangs put forth a well-balanced attack throughout the game spirited by a first quarter lead of 14-8 and a half-time score of 32-20. Deene Gott and Robert Risinger led Jeff's offensive play with 14 points apiece while Charles Eads played a terrific defensive game under the Brack basket to help Jeff to a 54-47 win over Jefferson's cross-town foes.

Eads strains hard to grab rebound from Brack.

Jeff starts the Harlandale game in an effort to stop seven foot Wayne Clark.

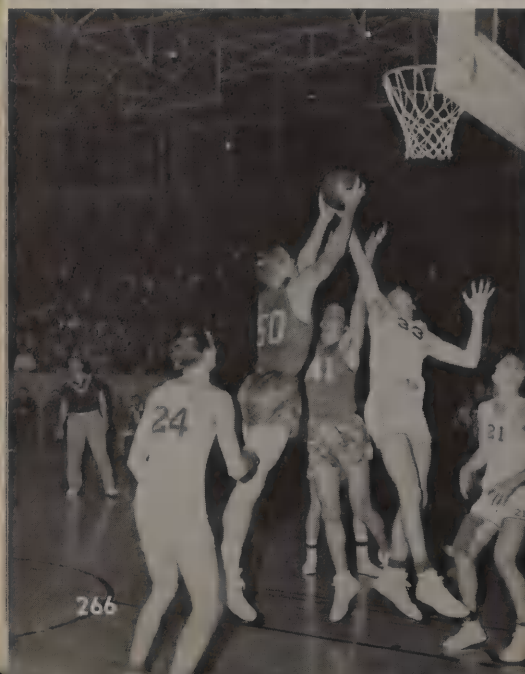

JEFFERSON 56 HARLANDALE 40

February 8

The Jefferson Mustangs defeated the Harlandale Indians 56-40 in a closer game than the score indicated. The Mustangs packed a five point lead in the first quarter before the Indians could get into the scoring act. The "Hosses" pulled away in the second quarter and held a six point lead over the Indians, 23-17, as the first half ended. The Indians started hitting in the third quarter and led almost the whole quarter. When Harlandale's lanky seven foot center, Wayne Clark, left the game late in the third quarter, Jefferson was able to pull away to an undisputed 56-40 victory over third place Harlandale. Charles Eads was outstanding player of the game hitting 19 points.

Robert Clements stretches for the ball against the tough Mules of Heights.

JEFFERSON 65 ALAMO HEIGHTS 61

February 21

The Mustangs opened the two out of three game playoff series with the Alamo Heights Mules with a 65-61 victory. The Mustangs took an early lead and held it for the entire game. Jeff opened the first period with a barrage of baskets and at one time led by 13 points. The second quarter the Mules cut the lead to five points as the Mustangs led 41-36. The third quarter Jeff slowly increased their lead. Heights played hard the last quarter and came within 2 points of catching the Mustangs. Robert Clements clinched the victory by sinking two foul shots with only eight seconds to go.

Clements and Eads grab rebound for Jeff.

# JEFFERSON 86    ALAMO HEIGHTS 74

February 22

The Mustangs met the Mules in the second game of the playoff series in which the Mustangs had won the first and needed this one for the district championship. The Hosses got off to a slow start and trailed the Mules until the half when they tied it up 40-40. The second half was very close with the Mustangs controlling a slight lead. In the last couple of minutes the "Hosses" hit 12 fast points to the Mules one to win an exciting game 86-74.

Riki Waghorne's winning free throw clinches a district title for Jeff.

# JEFFERSON 54    BURBANK 62

February 26

The Mustangs played the Burbank Bulldogs for bi-district championship and the right to advance to the state playoffs. In the game a total of 49 fouls was called on both teams. Burbank took the upper hand in making 40 foul shots while Jeff hit 22. The margin in free throws was enough to give Burbank the victory by a 62-54 score.

Deene Gott sinks a lay-up against Burbank.

Jeffites go wild over victory at Heights.

# GAFF FROM THE STAFF

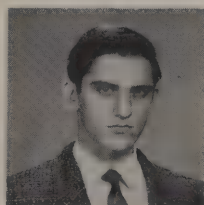

GENE REDMOND—"Those ugly rumors about my using a whip to control the staff are pure 'Counter-revolutionary propaganda.' All I have to do is look at them this way, and they all cower in the corners!"

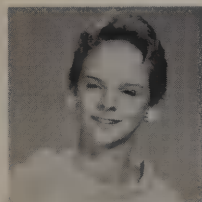

JACKIE MOSS—"In the commercial department I am considered a darned good typist. I am admired and respected. But *here*, well, I can't do anything right. I think that it's because they don't know what they want."

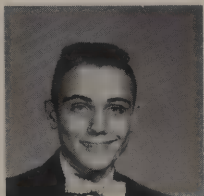

ROBERT DULANEY — "I was trying to sell Mr. Lande an ad at the time this picture was taken. He caught my 'Don't - you - want - to - double - your - advertising - space - this - year?' smile, which I always considered very effective until I saw this picture."

HARRY EASTMAN—"They get you on this staff under false pretenses. Everybody seems so *nice* at first. If my mother knew how Mrs. Petrich treats me, she wouldn't stand for it."

JANET JOYCE — "You would think from my high forehead that I would have enough sense to stay off the staff. I've lost weight, I'm pale, and I squint."

DAVID RILEY—"I want to save this picture. It shows me at a time when I could smile. I was a little sophomore, care-free, unfettered by responsibility. Then Gene took over. I'll never be able to smile again."

BITSY EDGERTON—"I've been trying to tell Gene all year. Our deadlines always seem months away. Then all at once it's here, and you just don't know how it happened, and . . . well I'm sorry, but I just couldn't make it. I'm really very sorry."

KAY BRAGG—"No matter how hard I knock my head, I keep hearing noises: incoherent words . . . 'deadline' . . . 'shut up' or 'get up.' I can't tell which. And I'll be hearing those groans and hysterical laughter . . . all those things that go on in 310 . . . forever!"

ANNETTE PATTERSON — "You'd look smug, too, if you'd found a way to beat this Monticello racket! All you have to do is pretend that you're stupid, and everyone leaves you alone."

CHERYL TARR — "You would look disgusted, too, if you'd worked your fingers off to the bone on the Senior Section and no-one appreciated you."
